What is Avia Masters?

Avia Masters is an arcade-style online gambling establishment game that falls under the popular "crash game" category. Unlike standard fruit machine where the outcome is identified purely by fixed signs on paylines, crash video games revolve around a vibrant multiplier curve.

In Avia Masters, players put a wager and view a little aircraft remove. As the aircraft climbs up higher into the stratosphere, a multiplier coefficient starts to increase from 1.00 x upwards. The primary objective is stealthily simple: **squander before the airplane crashes or flies away.**

If a player successfully squanders before the crash event, they win their initial stake multiplied by the existing coefficient. If the aircraft crashes before they struck the cash-out button, the stake is lost.

Core Game Mechanics: How It Works

Comprehending the underlying mechanics of Avia Masters is important for anybody looking to engage with the game. While the concept is straightforward, numerous features define the gameplay loop:

- **The Multiplier Curve:** Driven by a certified Random Number Generator (RNG), the multiplier begins at 1x and can in theory reach high values, though it can likewise "crash" almost immediately.
- **Manual vs. Auto Cash-Out:** Players can select to by hand click the cash-out button at their preferred minute, or they can set a vehicle cash-out threshold. For example, setting it to 2.00 x means the system will immediately gather jackpots if the aircraft reaches that multiplier.
- **Double Betting Panels:** Many variations of Avia Masters enable players to position 2 separate bets simultaneously on the same round. This opens tactical possibilities, such as cashing out one bet early to secure revenue while letting the second bet ride for a greater multiplier.
