The Top-Slot Multiplier: Adding Extra Excitement

One of the features players rapidly discover in the Crazy Time demo is the **Top Slot** device situated directly above the main wheel.

At the start of every single video game round, the Top Slot spins at the same time with the wheel. It creates two things:

1. **A Bet Spot:** (e.g., Number 5, or Coin Flip).
2. **A Multiplier:** (ranging from 2x up to 50x).

If the primary wheel stops on the exact bet spot matched by the Top Slot, any win for that round is increased by the designated value. In the bonus offer rounds, multipliers can scale even greater, leading to legendary payments. Observing this function in a demonstration assists gamers comprehend how volatility spikes during particular rounds.

Diving Into the Bonus Rounds

The piece de resistance of Crazy Time is its 4 bonus mini-games. In a live environment, these shift the experience from a standard video game show to an immersive arcade experience.

1. Coin Flip

- **The Setup:** A simple red and blue coin is flipped by a device.
- **How it works:** Each side of the coin is assigned a random multiplier before the flip. Whichever color lands deal with up awards that multiplier to the gamer's stake.

2. Pachinko

- **The Setup:** A giant Pachinko wall filled with pegs.
- **How it works:** The host drops a puck from the top. It bounces down through the labyrinth up until it lands in a slot at the bottom including a multiplier. If it lands on "Double," all multipliers on the board double, and the puck is dropped once again.

3. Money Hunt

- **The Setup:** A giant screen displaying 108 random multipliers concealed behind shooting gallery signs (such as a star, cactus, or target).
- **How it works:** Players utilize an on-screen cannon to intend and contend a sign before a timer goes out. Whatever multiplier is revealed behind the picked symbol is applied to the bet.

4. Crazy Time

- **The Setup:** Behind a red door lies a colossal, virtual virtual wheel including 3 flappers (Green, Blue, and Pink).
- **How it works:** Players choose one of the three flappers. The host presses a huge red button to spin the wheel. Whichever segment the picked flapper indicate is the multiplier won. If it indicates "Double" or

"Triple," all multipliers on the wheel boost, and the wheel spins again-- as much as a shocking 20,000 x max win.

Tips for Maximizing Your Demo Experience
