Can I still get old CS: GO cases as typical weekly drops?

No. Cases that have been transferred to the "uncommon drop" swimming pool no longer drop regularly through typical weekly gameplay. Nevertheless, they still drop extremely seldom (at a fraction of a percent opportunity) to gamers at the end of matches. The majority of older cases must be purchased straight from the Steam Market or trading sites.

Do brand-new cases look much better in CS2 compared to CS: GO?

Yes. Thanks to the shift to the Source 2 engine in CS2, brand-new cases feature weapon finishes created with advanced lighting, reflections, and texture mapping. Metal skins, pearlescent effects, and used textures look considerably more dynamic and sensible.

Is it worth opening new cases?
