

Couples often wonder how many photos they'll actually receive, and the number depends largely on coverage length, with shorter three-hour weddings typically yielding 150 to 300 professionally edited images. Annie Paige Photography delivers a curated gallery rather than every single frame taken, focusing on the strongest, most authentic images from the day. Past clients have noted how quickly Annie turns around a finished gallery after the wedding.

Annie Paige Photography | 59 State St, Portland, ME 04101 | (207) 841-4333

Longer coverage naturally means more **Portland wedding photo pricing** photos, since more of the day's moments are documented. Call (207) 841-4333 to ask about gallery delivery timelines and photo counts.
